

International conference on:

HEMATOPOIESIS IN HEALTH AND DISEASE

May 15 - 17, 2010 - Grand Hotel, Lund, Sweden

Organizers

**S Karlsson, J Larsson, D Bryder, M Sigvardsson,
D Scadden, RK Humphries and A Green**

Confirmed Speakers

Keynote Lectures

David Scadden

Harvard Medical School

Stuart Orkin

Howard Hughes Medical Institute, Harvard Stem Cell
Institute, Childrens Hospital Boston

Fate Options, Self-renewal and Expansion

Makio Ogawa

Medical University of South Carolina

Tariq Enver

MRC / University of Oxford

Chengcheng (Alec) Zhang

UT Southwestern Medical Center

Christopher Baum

Hannover Medical School

Timm Schroeder

Helmholtz Zentrum Muenchen

Gerald de Haan

University Medical Center Groningen

Sten Eirik Jacobsen

University of Oxford

Jonas Larsson

Lund University

David Bryder

Lund University

Ewa Sitnicka

Lund University

Frank J Staal

Leiden University Medical Center

Amy Wagers

Harvard Medical School, JDC

Margaret Goodell

Baylor College of Medicine

Developmental Hematopoiesis

Elaine Dzierzak

Erasmus University Medical Center

Ana Cumano

Pasteur Institute

Alexander Medvinsky

University of Edinburgh

David Traver

University of California, San Diego

Hanna Mikkola

University of California, Los Angeles

The Stem Cell Niche

Toshio Suda

Keio University School of Medicine

Susie Nilsson

The Australian Stem Cell Centre

Hiro Nakauchi

University of Tokyo

Paul Frenette

Mt Sinai School of Medicine

Hematopoietic Reprogramming and iPS cells

Dan Tenen

Harvard Medical School

Koji Eto

International Medical Center of Japan

Niels-Bjarne Woods

Lund University

Leukemia

Carol Stocking

Heinrich-Pette-Institut

Bob Löwenberg

Erasmus University Medical Center

Anthony Green

University of Cambridge

Keith Humphries

University of British Columbia

Bo Porse

University of Copenhagen / BRIC

Thoas Fioretos

Lund University

Jörg Cammenga

Lund University

Christian Buske

University Hospital of Ulm

Eva Hellström-Lindberg

Karolinska Institutet, Karolinska University Hospital

Erythropoiesis

Johan Flygare

Whitehead Institute for Biomedical Sciences MIT

Marieke von Lindern

Erasmus Medical Centre

Alan Warren

MRC Laboratory of Molecular Biology, Cambridge

Translational Stem Cell Biology

Willem Fibbe

Leiden University Medical Center

Hans-Peter Kiem

Fred Hutchinson Cancer Research Center

Adrian Trasher

University College London

Niels-Bjarne Woods

Lund University

Christopher Baum

Hannover Medical School

Luigi Naldini

San Raffaele Telethon Institute for Gene Therapy

Stem Cell Genomics and Epigenetics

Berthold Göttgens

University of Cambridge

Mikael Sigvardsson

Linköping and Lund University

Frank Rosenbauer

Max Delbrück Center, Berlin

Scott Armstrong

Harvard Medical School

Joanne Attema

Lund University

Funded by:

The Swedish Research Council

Marcus Wallenberg Foundation for International Scientific Cooperation

The Swedish Cancer Society

The Wenner-Gren Foundation

Lund Research School in Stem Cell Biology

LUND
UNIVERSITY
