Announcement: Postdoc Scholarship in Lung Cancer Stem Cell Biology

Scholarship
Fulltime Postdoc Scholarship

Qualifications required
A Postdoctoral scholarship position is available at Lund Stem Cell Center at the Department of Laboratory Medicine, Lund University, Sweden, under the main supervision of Dr. Mattias Magnusson.

The successful candidate will be a part of a cross-disciplinary research team to develop its skills and characterize lung cancer stem cells, and to develop a platform for patient-specific therapies for lung cancer. This will include a variety of assays such as cell sorting (FACS), single cell genomics, pdx models, bioinformatics, small molecule, with all equipment and small molecule libraries at our disposal in Lund.

We are looking for a highly motivated and skilled scientist with a strong background and proven track record working with human epithelial cell cancer. Qualified candidates should hold a PhD in biomedicine or related fields. Experience in flow cytometry, pdx models and small molecule screening is an advantage. Excellent skills in written and spoken English are essential.

The applicant should not have been employed by Lund University within the last two years in order to be able to receive a scholarship. PhD degree should not be more than three years old at the last day of applying.

Placement: Molecular Medicine and Gene therapy, Lund University
Ref No: V 2018/847
Duration: 2 years
Starting time: 2018-08-01
Last day for applying: 2018-05-15
