

Examination of GENERIC KNOWLEDGE AND SKILLS, MEDI003 , 6 HP

The assessment form below is based on the learning outcomes in the syllabus for this course:

https://www.med.lu.se/intramed/forska_utbilda/doktorand_handledare/foer_doktorander/kurs_och_seminarier/kursplaner_forskarutbildning

The doctoral student's portfolio provides the basis for assessment. More information on the structure of the portfolio, how the different course learning outcomes can be fulfilled, and how they relate to the degree learning outcomes, can be found in the Lib Guide for the course:

<https://libguides.lub.lu.se/MEPO003>

All course goals have to be fulfilled, in order to receive the passing grade.

Course learning outcomes: On completion of the course, doctoral students shall be able to:	Category in the portfolio	Learning outcome fulfilled	
		No	Yes
<ul style="list-style-type: none"> identify and analyse challenges and problems in their own and others' research, and propose options to solve or address these problems. 	1. <i>Research process</i>
