Announcement of post-doc scholarship at the Department of Translational Medicine within Anders Bjartell's research group - urological cancers

The project focuses on studying novel biomarkers in prostate cancer tumor environment. The aim is to identify biomarkers associated with treatment resistance and disease progression with multiplex imaging in both human tissue and tissue from animal tumor models.

We are looking for an enthusiastic candidate with a background in cell and molecular biology and/or translational medicine who has the scientific ambition that is required to join a highly motivated and supportive research team. Previous knowledge and experience in animal models is desired. Experience with cell culture, immunohistochemistry/immunofluorescence, microscopy and image analysis is of benefit. The candidate should have very good communication and collaboration skills and should be able to work independently.

The position will be carried out at the Division of Translational Cancer Research (TCR), a part of the Lund University Cancer Center at Medicon Village, Lund. TCR is a high quality research center with numerous research groups and top of the art infrastructure. The Bjartell research group consists of basic and clinical researchers focused on translational prostate cancer research. **Scholarship period:** The scholarship covers a period of 6 months with possibility of prolongation up to a maximum of 24 months in total.

**Scholarship amount:** 78000 SEK per quarter (three months)

**Preliminary start date:** January 2022

**Supervisor/contact person:** Professor and head of research group Anders Bjartell (anders.bjartell@med.lu.se or +46 40 33 63 98)

**Qualifications:**
To be eligible for a post-doc scholarshop at Lund University the recipient must hold a PhD degree within a relevant field. The PhD degree must not be from Lund University. The PhD degree must not be older than three year. The applicant must not have been employed at Lund University in the past two years.

Written application, including reference number, is to be sent via e-mail to anna.c.holst@skane.se and must include the following:
- CV
- Personal letter stating the reasons why the study suits the applicant (maximum one page)
- References (2)

Application deadline: Nov 21, 2021

Information regarding scholarships at Lund University

- The scholarship sum is paid quarterly and in advance
- The scholarship is a grant and therefore not subjected to tax deduction
- A scholarship can be awarded for 24 months but will be reviewed after 6 months
- The scholarship is intended for the recipient’s own education and does not constitute compensation for work carried out for the University.
- The scholarship does not constitute a pensionable income.
- The scholarship does not include financial compensation for parental leave.
- The scholarship does not entitle the recipient to unemployment benefits after the scholarship period.
- The scholarship follows the regulations established by the Vice-Chancellor of Lund University (June 27th 2013; Reg. No PE 2013/356).
