Fifth International Whiplash Trauma Congress
Lund, Sweden August 24–28, 2011

Multidisciplinary approaches
to pain after Whiplash trauma.
What works, what doesn’t and how to tell the difference.

Topics:

Epidemiology
- What is it and who gets it?

Injury mechanisms and prevention
- How do you get it and how do you avoid it?

Pathology
- What is it that gets hurt?

Diagnosis
- How do you find it?

Treatment
- What can be done about it?

Forensic and medicolegal issues
- Can you prove it?
